### DESCRIPTION

With the new range of table-top single clippers, BECK CLIP SYSTEMS focus on reliable lightweights that are easy to set up and easy to maintain. The clippers are made of highest quality stainless steel and composite material, and comply with the very latest safety and hygiene requirements. Natural and artificial casings, nets and bags are fastened securely and gently. The BCS-200SC table-top single clipper handles five clip dimensions of the XE-CAA series (Made by BECK XE-CAA dimensions similar to E-200 series).

## APPLICATIONS

Specially developed for the food industry and universally applicable for all natural and artificial casings. This clipper is also very well suited for non-food applications.

## ADJUSTABLE CLIP CLOSURE

The stroke limit can be adjusted manually. This allows the clip closure to be adjusted individually to the sensitivity of the material or the required tightness.
